

GAME RULES

Different Ways to Play!

Ages 14+

Players: 3-10+

Play time: 30+ min.

WHAT YOU NEED that's NOT included in the game:

- Cell phone, tablet, or laptop (a way to access GIFs*)
- Phone messaging app that houses GIFs or Internet access

Highly recommended:

- Fully-charged battery on your device or accessible charger (so you don't have to miss out if your phone dies before the game ends)
- Wi-Fi access

The WINNING CARD Version ---

1. Everyone gets 10 cards for their hand. The rest of the cards are placed in a pile facedown.
2. Choose a player to be the GIF Boss for the first round.
3. The GIF Boss uses their phone (or other device) to choose a GIF* to share with the other players.
4. Once the GIF is shown to all, the other players choose one of their cards to caption the GIF and place it facedown in front of the GIF Boss. Once everyone has played a card, the GIF Boss shuffles the played cards, reads them aloud, and chooses their favorite as the winner.
5. The winning player keeps their played card as a point. All other played cards are placed in a discard pile.
6. Players replenish their played cards.
7. The person sitting to the left of the GIF Boss becomes the new GIF Boss for the next round.

WINNING: The first player to reach 10 points (or however many you want to play to) wins.

* Where to find GIFs: Basic Internet search (for example: "happy GIFs"), various GIF apps, or your text messaging app.

The **WINNING GIF** Version - - -

1. Place all of the cards in a pile facedown.
2. Choose a player to be the GIF Boss for the first round.
3. The GIF Boss reads one of the cards aloud. The players then use their phones to search for a GIF that matches the card.
4. Each player presents their chosen GIF to the group. The GIF Boss selects their favorite as the winner. The winning player keeps the played card as a point.
5. The person sitting to the left of the GIF Boss becomes the new GIF Boss for the next round.

BE CAREFUL! Any players that play the same GIF in the same round lose a point by forfeiting a point card to the discard pile. No point is lost to a player who doesn't have any point cards.

WINNING: The first player to reach 10 points (or however many you want to play to) wins.

This version may be played remotely. See below.*

More Options - - -

Combo: Mix It Up

Play it both ways. Set up the game according to the *WINNING CARD* version. Each round's GIF Boss gets to decide whether to play a card or a GIF for that round.

***Remote Play - Just for fun!**

Play the *WINNING GIF* version (above) via your text messaging app with a group of friends. Play a card (via photo or text) to the group and have them send their best GIF. Vote for or choose your favorite!

Speed Rounds

The GIF Boss sets a two minute-timer (or even less!) on their phone. Players must select their card or GIF before time runs out or they forfeit the round.
